Press Release — Spring 2026

## Cling Coffee Table Series Expansion

Northern expands the Cling series with two distinctive new silhouettes. The coffee table collection now embraces a wider range of shapes, complementing the original round design.

Designed by Swedish cabinet maker and designer Anton Björnsing, the Cling Coffee Table Rectangular (120x50 cm) and Cling Coffee Table Square (90x90 cm) join the existing circular tables with the same considered design language: solid oak construction, a distinctive panel base, and a softly rounded tabletop edge that balances structure with warmth.

Since its introduction, Cling has established itself as one of Northern's most warmly received furniture designs, praised for its quiet confidence and the ease with which it fits into a wide range of interiors. The rectangular and square formats build on that foundation, offering more surface area and greater flexibility in living room compositions.

Both additions are available in light oiled oak and smoked oak finishes. They come flat packed for a lighter carbon footprint, in keeping with Northern's broader approach to sustainability.

## Dimensions

Before establishing his own studio in 2013, Swedish designer and trained cabinet maker Anton Björnsing studied furniture craft and design at Stenebyskolan and Malmstens, as well as interior architecture at the Chelsea College of Art and Design in London.

Working from his studio in the historic town of Landskrona, Anton has developed a multidisciplinary practice spanning interior, product and furniture design. Drawing on Scandinavian traditions of craftsmanship and simplicity, his work seeks to reinterpret familiar forms and uncover new possibilities for contemporary living.
